WORK SERVICES AI LLC

One project can cross several teams.

When a contractor wins a job, the work has only begun. Someone must answer the inquiry, price the work, issue an invoice and preserve a record of the job.

When the phone rings

Customer care

A person answers in English or Spanish, captures the request and books the next available estimate.

When a customer approves

OperHelm

A connected workflow turns the approved estimate into a job order and sends a payment link through the business’s own account.

When the month closes

Reporting

The owner can see which jobs were billed, which customers need a call and which documents the tax preparer still needs.

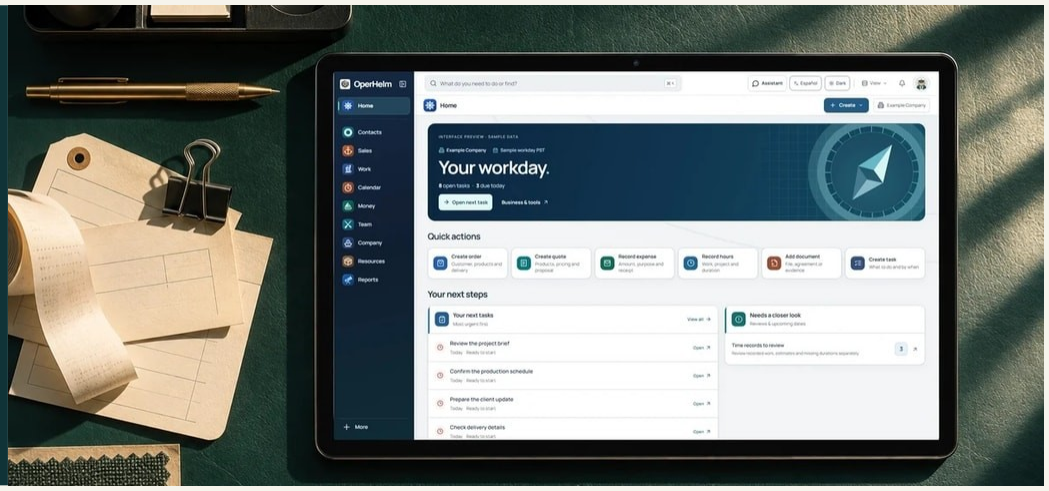
Illustrative workflow. We tailor responsibilities, permissions and approvals to the way your business works.

BUSINESS OPERATIONS / OPERHELM

From a quote to a paid job

We build a workspace around the way you price, deliver and collect. Your team can follow one job from the first inquiry to the final receipt.

From $1,490
one-time setup



A home for every job

Set up customers, contacts, estimates, contracts, job orders, files and status. Includes up to 3 users, 250 clean records, 50 files and one training session.

Faster quotes and invoices

Configure one quote and invoice template, approval rules and customer delivery. Connect one eligible Stripe account or compatible payment service.

Hours, spending and accountability

Capture hours, mileage, purchases and inventory against the right job. Track open balances and follow-up tasks on a shared dashboard.

Ongoing administration

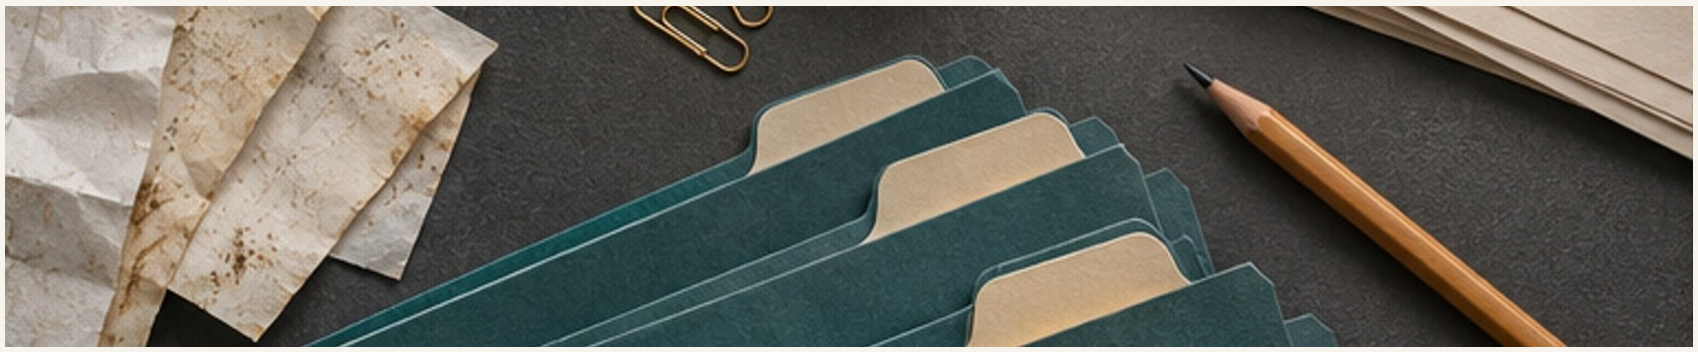
Up to 75 new records or 3 admin hours for $290/month. Up to 150 records or 6 hours for $490/month, whichever allowance is reached first.

One business and one core workflow. Payment processing, software licenses, custom integrations and archival cleanup are priced separately.

BUSINESS OPERATIONS / HISTORICAL CLEANUP

Years of records, organized by job

Send us the records you already have. We sort receipts, invoices, contracts and customer orders by period and job, then flag duplicates and missing items.



Records review — $295

We sample up to 75 files, map the missing periods and give you a written estimate for the backlog.

One-period cleanup — From $895

One business, up to 250 legible files and 8 hours. We rename, index and group records by job or accounting period.

Multi-year recovery — From $2,490

Up to 1,000 files, 24 cleanup hours and 3 years. Includes an exception log, job-to-document index and handoff meeting.

Tax-preparer handoff — From $495

For organized records, we deliver a period-based export, receipt folders, expense summaries and an open-items list.

Additional archive work — $495 / block

Add a five-hour block for unsorted scans, manual matching or extra periods after you approve the sample.

We prepare and organize source records. Your accountant reviews classifications, reconciles accounts and files returns. Each package ends at its file or hour limit.

CUSTOMER CARE / REMOTE STAFFING

A person answers when customers call.

Choose the language, schedule and work queue. You pay per scheduled remote agent-hour. We agree the script, escalation path and handoff before the first shift.

$10–$15

per remote agent-hour

Spanish support

$10 / hour

Inbound messages, basic customer questions, data entry and order status using an approved script. A 40-hour block is $400.

English or bilingual customer care

$13 / hour

English/Spanish calls, chat, email and tickets. Includes booking, order taking, qualifying inquiries and logging follow-up. A 40-hour block is $520.

Specialized support or sales

$15 / hour

B2B/B2C follow-up, appointment setting, trained sales or technical queues and escalations. A 40-hour block is $600.

40 scheduled hours minimum per agent per month. One-time onboarding starts at $250 per workflow. Phone, software, commissions and special shifts are quoted separately.

CUSTOMER CARE / SERVICE DESK

What your agents can handle

You choose the queues. We agree how an agent verifies a request, documents the outcome and passes sensitive or complex work to your authorized team.

Sales, leads and appointments — $13–$15 / hr

Work approved contact lists, qualify B2B or consumer inquiries, recover incomplete forms, book estimates and record the outcome in your CRM.

Customer service and retention — $10–$13 / hr

Answer calls, chat, tickets and email, take orders, handle cancellations, run satisfaction surveys and follow up on open cases.

Technical help desk — $15 / hr

Level I–II scripted troubleshooting, basic network checks, ticket resolution and escalation to your technical owner.

Administrative and virtual assistance — $10–$15 / hr

Data entry, transcription, translation support, scheduling, inbox triage and HR, payroll or accounting administration.

Specialized intake and payment reminders — $15 / hr

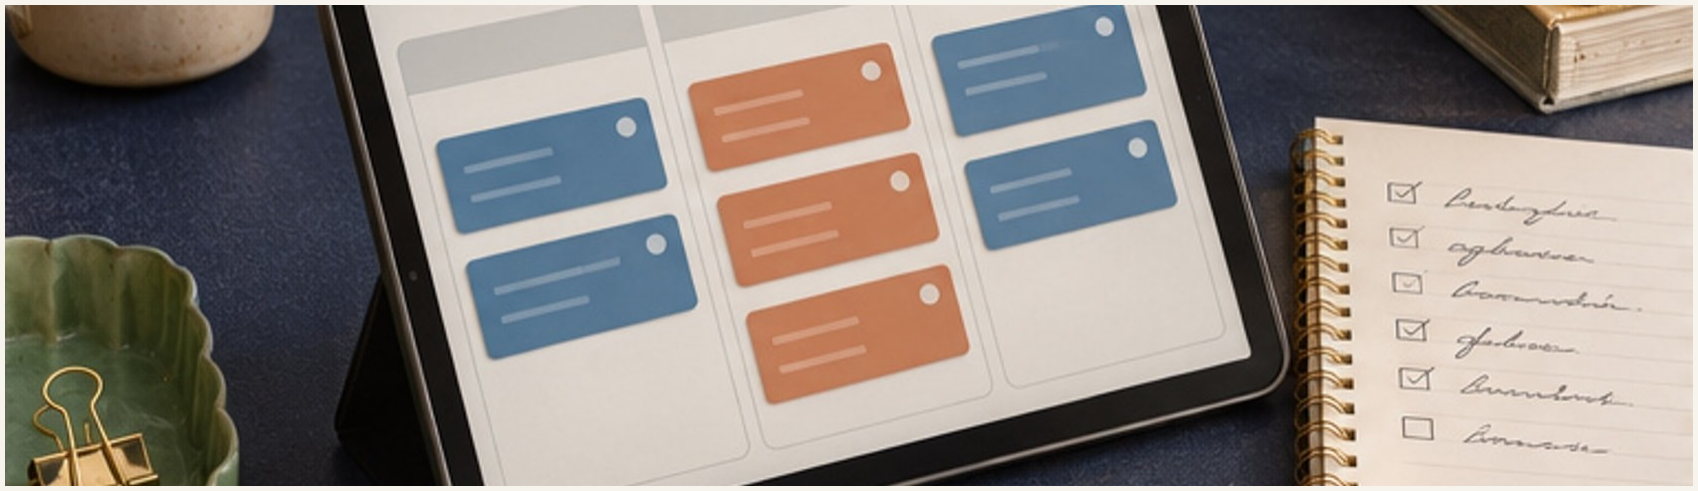
Administrative legal intake, medical scheduling and approved payment follow-up. Work involving sensitive data or regulated outreach requires an agreed protocol.

Language and complexity determine the tier on page 6. Each engagement specifies coverage hours, systems access, required training and authorized contact methods.

SALES AND MARKETING / NEXTLEAD

Give each lead a next step.

We connect campaigns, customer conversations and the sales pipeline. A missed call can become a booked estimate, with a clear owner and a follow-up date.



CRM setup and contact import

$790 setup

One pipeline, up to 3 users and 250 clean contacts. We set stages, assign owners and teach your team to use it.

Follow-up and reactivation

From $1,650

Two approved email or WhatsApp sequences, up to 5 touches each, with appointment routing, opt-outs and one dashboard.

Managed NextLead program

$1,250 setup + $890/mo

One pipeline, two active sequences and one booking calendar. We review lead quality and follow-up weekly and report on appointments monthly.

Local discovery and reputation

$490 setup + $290/mo

One business profile, a review-request workflow and monthly listing checks. Add a paid campaign or scheduled agents as required.

We scope prospecting, qualification, closing, partnerships and reactivation individually. Human agent hours, data purchases, platforms and messaging usage are separate.

MARKETING / MEDIA STUDIO

Campaigns customers can see

Choose the channel and the deliverable. We agree the audience, creative brief and measurement before any advertisement goes live.

Digital advertising

$490 setup + $490/mo

One platform and campaign, up to 2 ad groups and $1,500/month media spend. Includes weekly optimization and a monthly report.

Social content and community

$350 / month

Four designed static posts for one profile, with captions, an approval round and scheduling. Inbox or moderation coverage uses agent hours.

Product or brand photography

From $695

One 90-minute shoot at a Renton-area location and 12 edited stills. Includes a shot list, selection and web-ready files.

Promotional video

From $650

One 20–30 second edit from supplied footage, captions, one revision and a vertical delivery. Additional aspect ratio from $95.

Brand identity starter

From $895

One logo concept, one revision, final vector and web files, color palette and a one-page guide to using the identity.

Advertising spend, creator fees, talent, location rental, travel, studio shoots and stock licensing require a separate budget.

WEB AND E-COMMERCE

A website built around the sale

Whether a visitor needs a table, an estimate or a product, the page should make that next step obvious. Choose the smallest build that serves the job.

Landing page — From $750

One responsive page, up to 6 sections, a contact or booking form, a call-to-action and one revision.

Business website — From $1,490

Up to 5 template-based pages using your approved copy, mobile layouts, a lead form and basic search metadata.

Online store — From $2,950

One Shopify or compatible storefront, up to 15 products, payment and shipping setup, test checkout and owner training.

Website care — From $99 / mo

Basic hosting for an eligible site, routine updates and up to 30 minutes of content changes per month.

Typical build windows after content is ready: landing page 1–2 weeks, business site 2–4 weeks, store 3–6 weeks. Store platform, apps, domains and payment fees are separate.

AUTOMATION / CONNECTED SYSTEMS

Software that moves work between tools

We can connect n8n, Make, a CRM, Google Sheets, Notion, forms, calendars, WhatsApp and email when the accounts support the integration.

Workflow discovery — $395

One workshop, a map of one process, the exception paths and a written implementation estimate.

Connect two systems — From $750

One trigger and up to 5 steps. Examples include creating a CRM lead from a form or assigning a task after a quote is approved.

Multi-step integration — From $1,650

Up to 3 systems and 10 steps with routing, duplicate checks, retries and an exception queue. Includes testing and handoff notes.

Document or invoice processing — From $2,750

One document type, field extraction, validation, approval and filing. We test with up to 30 representative files.

Content and data workflows — From $2,450

Connect a research feed to briefs, approvals and distribution, or sync a database and dashboard. One pipeline, up to 3 systems.

Monitoring and maintenance — From $295 / mo

Error alerts, a monthly health review and up to 2 technical hours on supported workflows.

Automation builds typically take 1–4 weeks after access and test data are ready. Licenses, AI usage, SMS and API charges are separate.

CUSTOM SOFTWARE / AI

From an AI receptionist to a custom app

We define the permission rules and the situations that require human approval before we connect an assistant to customers, documents or payments.

AI receptionist

$1,490 + $349/mo

One number, 20 FAQs, one calendar and 150 inbound minutes/month. Includes message capture, approved routing and 1 support hour/month.

Knowledge assistant

From $2,950

One approved knowledge collection, up to 100 source files, source-linked answers and a handoff to your team.

Portal or dashboard pilot

From $7,500

One user role, up to 3 views and one data source. Includes discovery, prototype, acceptance tests and handoff.

Custom business application

From $16,900

A scoped web app with up to 5 screens, 3 roles and 2 integrations. Includes staged delivery, testing and documentation.

Automation program

$4,900 + $990/mo

Three workflows of up to 10 steps, CRM and dashboard. Monthly allowance includes 500 voice minutes, 2,000 workflow runs and 4 support hours.

One-time amounts are setup fees. A custom app typically takes 8–16 weeks. New features, hosting, licenses and excess usage require an approved quote.

MARKETPLACE COMMERCE / AMAZON

Your Amazon account, managed weekly.

For an established brand selling on Amazon.com, WSAI brings account operations, creative work and advertising into one plan with a flat monthly management fee.

From $3,000

per brand per month

One U.S. brand and one account

Base scope covers up to 10 active child ASINs. Start in Seller Central or, where eligible and agreed, Vendor Central. We scope hybrid accounts separately.

A 90-day operating plan

We audit the account, work through a 30–50 question discovery interview, agree on targets and prioritize catalog, campaign and inventory work.

An agreed production allowance

Each month includes a creative sprint for up to 2 priority ASINs using supplied assets. We confirm deliverables, campaign count and account access before kickoff.

Ad spend, Amazon fees, inventory purchases, manufacturing, freight, storage and FBA charges are paid separately by the client.

AMAZON / INCLUDED SERVICES

What the monthly team works on

We choose the work each week from the 90-day plan. Page 13 defines the base account and production limits.

Account, catalog and compliance

Manage product data, variations, catalog cases, suppressed listings, policy flags and communications with Amazon support.

Search and conversion

Research search terms, improve titles, bullets and product facts, and use Search Query Performance where available.

Sponsored advertising

Manage Sponsored Products, Brands and Display where eligible. Review bids, keywords, return on ad spend (ROAS) and ad cost of sales (ACOS).

Creative production

Create main and secondary images, copy and shopping-assistant FAQs, video edits and A+ content within the monthly sprint. Premium A+ requires brand eligibility.

Stock and FBA plans

Prepare a rolling 90-day forecast, identify replenishment needs, build FBA shipment plans and coordinate the shipment schedule with your team.

Launches and brand protection

Prioritize launch work, flag unauthorized listing changes and document account-health cases. Extra launches or complex reinstatements receive a project quote.

These workstreams fall under the monthly fee. The production calendar sets the number of new assets and listings. Extra catalog, creative or logistics work is quoted before it starts.

AMAZON / ACCOUNT SERVICE

What you receive, and when

A brand manager owns daily work. You have one English-speaking account contact and a written record of decisions, action owners and upcoming deadlines.

Every Monday

Weekly update

Receive the activity summary, open issues, planned changes and decisions that need your approval.

During the first month

Working calls

Meet weekly to review access, goals, findings and the first campaigns. After month one, choose weekly or every-other-week calls.

Between meetings

Shared workspace

Track work in Asana, review a tailored dashboard and use Slack or Teams by agreement. We provide AI-assisted meeting notes after each call.

Every month and quarter

Business review

Review sales, ad efficiency, stock exposure and priorities monthly. Each quarter we revise targets and the next 90-day plan.

Who handles the work

Assigned roles

Brand direction and portfolio oversight support the brand manager. Client success, PPC, catalog/compliance and creative specialists join as the project needs.

The monthly retainer buys a managed account and an agreed workload. Dedicated full-time specialists, on-site shoots and advanced custom analytics are separate scopes.

MARKETPLACE COMMERCE / EXPANSION

Amazon, TikTok Shop and Walmart add-ons

Buy these projects on their own or add production beyond the monthly Amazon allowance. We review eligibility, margins, inventory and creative needs before launch.

Amazon listing or A+ project

From $350

Optimize one product detail page from $350. A standard A+ design for one product family using supplied assets starts at $895.

Product facts for AI shopping

From $650

Rewrite specs, uses and FAQs for up to 3 ASINs for Alexa for Shopping (formerly Rufus). Amazon Marketing Cloud analysis starts at $1,250 for eligible accounts.

TikTok Shop launch

From $1,250

One U.S. shop and the first 5 product listings. Includes shop setup and an initial creator or affiliate outreach plan.

TikTok Shop management

From $1,750 / mo

One shop, up to 10 SKUs, affiliate coordination and a monthly ad review. We can scope LIVE production, GMV Max and Spark Ads separately.

Walmart Marketplace

From $1,750 / mo

One shop and 5 listings from $1,250 setup. Monthly management covers up to 10 SKUs, listing health and one Walmart Connect campaign.

Creator fees, samples, live hosts, ad spend, platform fees and fulfillment are separate. Approval, placement and sales performance are controlled by the platforms and customers.

MARKETPLACE COMMERCE / PROJECT PRICING

Marketplace projects you can buy separately

Use a focused project when your team runs the account and needs extra help with a launch, a campaign or a specific channel.

Amazon PPC management

$650 setup + $850/mo

One U.S. brand, up to 10 campaigns and $5,000/month in media. Includes weekly bid and search-term reviews.

Amazon launch sprint

From $1,450

One product family, up to 3 child ASINs. Includes a readiness audit, keyword plan, listing copy, launch checklist and a 30-day calendar.

Account health and brand protection

From $750

We review one issue, assemble supporting documentation and coordinate one support case, up to 6 specialist hours.

Specialist and analytics support

From $625 / block

A 5-hour specialist block for catalog, Vendor Central or brand-team training. One eligible Amazon Marketing Cloud analysis starts at $1,250.

Creator and LIVE coordination

From $950 / sprint

Recruitment brief, up to 15 creator outreach attempts and a production plan for one show. Creator engagements and hosting require separate approval.

Shop advertising

$550 setup + $650/mo

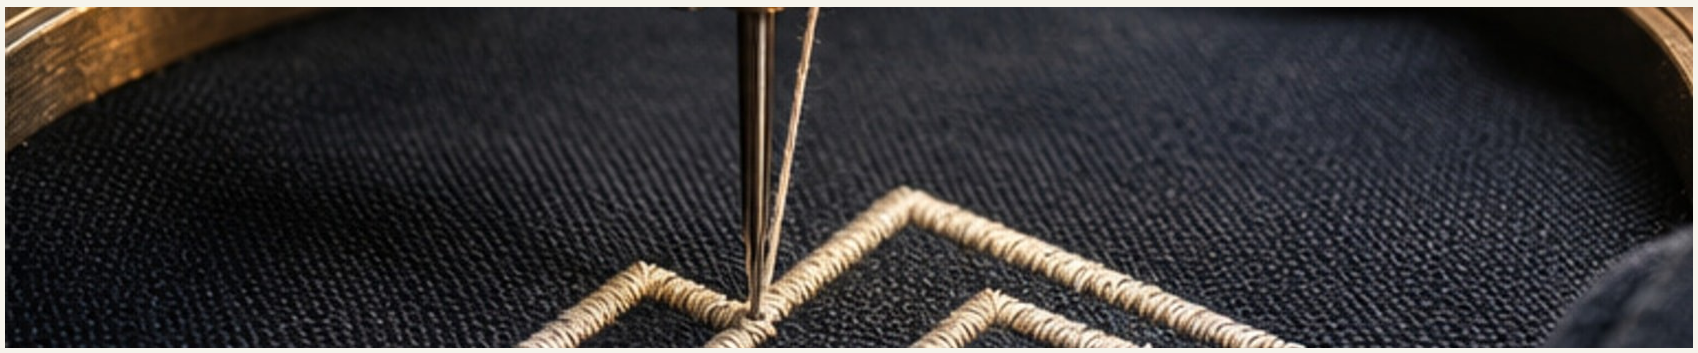
Set up one eligible TikTok GMV Max, Spark Ads or Walmart Connect campaign and manage up to 2 ad groups. Up to $2,500 in monthly media.

Each price covers the specified work. Sponsored spend, creator commissions and product samples are additional. Amazon controls case decisions and reinstatement.

BRAND PRODUCTION / APPAREL

Uniforms your crew will actually wear

Choose garments for the work, then approve a proof at the size and placement you want. We match decoration to the fabric and order quantity.



Printed crew tees

$395 / 12

12 standard S–XL T-shirts, one full-color front print, print-ready artwork and one digital proof.

Embroidered caps

$525 / 12

12 standard caps with one front logo, up to 6,000 stitches. Complex digitizing or extra embroidery locations are priced separately.

Printed hoodies

$395 / 5

5 standard fleece hoodies, S–XL, with one front print. Premium blanks and additional locations are available.

Polos, work shirts and outerwear

From $365 / 6

Six standard embroidered polos from $365. Work shirts, jackets, vests, aprons, scrubs, beanies and teamwear use the same proof process.

New-hire merchandise

From $275 / 12 mugs

Twelve logo mugs from $275. Tumblers, bottles, totes, backpacks, journals, pens, lanyards, awards and gift boxes can be priced per kit.

One design and one location unless specified. Your quote lists sizes, materials, artwork fees, production date, shipping and tax. Typical standard runs take 2–3 weeks after proof approval.

BRAND PRODUCTION / PRINT AND FINISHES

From the front door to the sales counter

We prepare the artwork, confirm the material and show you a proof before production. Standard packages below include basic layout from your logo and approved copy.

Business cards and flyers

From $225

500 single-sided cards for one person, from $225. 500 one-sided flyers in one design and standard size, from $350.

Stickers, decals and magnets

From $235

250 die-cut stickers, one design up to 3 in., from $235. Vehicle decals and magnets are priced by area, finish and quantity.

Banners and signs

From $175

One 6 × 3 ft. vinyl banner from $175. Retractable banners, aluminum signs and installation receive a dimensioned quote.

Personalized epoxy wall art

From $195

One framed 12 × 18 in. custom print with an epoxy finish. Supply a high-resolution image you have the rights to reproduce.

Decorative countertop finishes

$155–$225 / sq. ft.

A site review determines whether the existing surface is suitable. A sample and written scope precede coating. Minimum 12 sq. ft.

Standard print runs typically take 1–3 weeks after proof approval. Freight, rush production, demolition, cabinetry, plumbing and structural work are separate.

BRAND PRODUCTION / PROMOTIONAL GOODS

What a branded order can cost

Order a single category or assemble a welcome kit. These prices assume a single approved logo, standard colors and the quantities shown.

Bags for customers and staff

From $625 / 24 totes

24 printed canvas totes from $625. Twelve embroidered office backpacks from $850. One front decoration per bag.

Insulated drinkware

From $495 / 12 tumblers

Twelve stainless tumblers with one logo. Choose finish and decoration during the proof. Twelve ceramic mugs start at $275.

Office and event essentials

From $495 / 100 pens

24 branded notebooks from $515, 100 engraved metal pens from $495 or 100 printed lanyards with clips from $625.

Keepsakes and awards

From $435 / 3 awards

24 engraved wooden keyrings from $295. Acrylic awards with one decorated face from $145 each, minimum 3.

A ready-to-give welcome box

From $115 / box

One branded mug, printed tote, notebook and message card, packed together. Minimum 12 boxes.

Pricing depends on blank availability, material and decoration. Proofs set placement and color. Individual names, second print locations and shipping add cost.

SPECIALIZED OPERATIONS

For property teams and nonprofits

The same tools can be configured for maintenance requests, gift acknowledgments or volunteer intake. We build each organization its own records, roles and payment access.

RentorStay maintenance desk

From $1,450 setup

One property portfolio, one intake form and dispatch queue, up to 25 units, a vendor roster and a photo-based completion record.

Property operations support

From $490 / mo

Up to 4 coordination hours/month to triage requests, chase updates, file photos and send an owner report. Vendors invoice for field work separately.

Donor and volunteer operations

$3,900 setup

Five-page site, one campaign page, CRM for up to 500 records, donation acknowledgments and two training sessions. Funds go to your organization.

Nonprofit care plan

$490 / mo

Monthly review and up to 4 hours of site, forms or donation-workflow maintenance. We can scope volunteer onboarding and event registration.

Our property services here cover administrative workflows and coordination. Your authorized manager handles leasing decisions and funds. Legal, accounting and tax filings are separate.

COMPLETE KITS / NEW BUSINESS

A launch kit for local businesses

For a new restaurant, storefront or service business that needs a professional front door and a way to capture every inquiry.

$2,600

one-time kit price

Get found online

$1,490

A 5-page business website with one contact form, mobile layout and basic search metadata.

Capture inquiries

$790

A customer CRM with one pipeline, 3 users, up to 250 clean contacts and owner training.

Put the brand in customers’ hands

$575

One run of 500 business cards and 500 flyers from your approved logo and copy.

Itemized total $2,855. Kit price $2,600, a $255 saving. Typical delivery 3–5 weeks after inputs and proof approval. Optional website care $99/month.

COMPLETE KITS / FIELD SERVICES

An operations kit for contractors

For a field-service owner who needs historical receipts organized, fast estimates and a reliable way to collect on completed jobs.

$2,850

one-time kit price

Configure OperHelm

$1,490

Customer and job records, quote and invoice templates, one eligible payment connection, up to 3 users and one training session.

Recover one period of records

$895

One business, up to 250 existing files or 8 cleanup hours. Includes a job index and a list of missing documents.

Connect the handoff

$750

One tested, two-system workflow of up to 5 steps, such as an approved estimate creating a work order and a filing task.

Itemized total $3,135. Kit price $2,850, a $285 saving. Typical delivery 2–4 weeks after access. Optional monthly record care starts at $290.

COMPLETE KITS / MANAGED GROWTH

Two ways to keep growth staffed

Choose a recurring program around the work your business needs every week. Each has its own start-up scope, monthly allowance and review cadence.

Sales coverage kit

$1,350 setup + $1,350/mo

Managed NextLead plus 40 bilingual customer-care hours per month. One pipeline, 2 follow-up sequences and weekly lead review.

Marketplace growth kit

$1,250 setup + $4,450/mo

Amazon Growth Desk for one brand plus managed Walmart for one shop. Up to 10 active child ASINs on Amazon and 10 Walmart SKUs.

Add the next department

Choose by scope

Add 40 more bilingual hours for $520, a 90-minute photo session from $695 or an eligible two-system workflow from $750.

Sales coverage saves $150 at setup and $60/month against separate services. Marketplace saves $300/month against separate retainers. Media, inventory, platform fees and agent telephony are separate.

COMPLETE KITS / ALL-IN-ONE

A complete launch for a product brand

For a brand that wants an online store, an Amazon team, people answering customers and a system for tracking orders. WSAI coordinates the launch under one project lead.

$5,650 setup

plus $3,600 per month

Storefront and operations

Launch one store with 15 products, configure OperHelm for 3 users and connect one order-to-task workflow. Includes up to 250 clean records.

Branded launch materials

Deliver 12 printed crew tees and 500 single-sided business cards from one approved logo. A shared launch checklist tracks approvals and delivery.

Marketplace and customer coverage

Includes agent onboarding. Each month covers Amazon Growth Desk for up to 10 child ASINs, 40 bilingual agent-hours and the $290 OperHelm record-care allowance.

Phased delivery

Allow 4–8 weeks for setup after inputs are ready. The monthly term begins at the agreed operating start date. One status owner coordinates both phases.

Separate services total $6,060 setup and $3,810/month. Kit saves $410 at setup and $210/month. Media, stock, shipping, store apps, marketplace fees and phone usage are additional.

OFFERS AND BUYING TERMS

A low-risk way to start

Start with the offer that answers your biggest question. We put the scope, fees, acceptance criteria and a target delivery date in writing before work begins.

Amazon opportunity check

$0

New marketplace prospects may request one review of 3 public Amazon product pages. Receive prioritized observations without sharing account credentials.

Automation blueprint credit

$395 credit

Apply the $395 discovery fee to one automation or app implementation of $3,000 or more when you approve it within 30 days of the workshop.

Complete-kit pricing

$255–$285 saved

Save $255 on the Local Launch Kit or $285 on the Contractor Operations Kit. Contents and quantities are specified on pages 22–23.

What affects the quote

Written scope

Volume, data quality, number of locations, approval steps and integrations change the workload. We confirm staffing, delivery capacity and pass-through costs in your written quote.

Offer terms

Before kickoff

One promotional credit per business. Credits apply to new standalone projects and cannot be combined with kit savings. Offers subject to capacity.

All prices are in USD before applicable taxes. Advertising, third-party subscriptions, processing fees, shipping, rush work and additional production are separate unless explicitly included.
